

Final Forms Important Tips

Parents and students WILL complete the forms online. Parents must create the Parent Account first and ADD their student(s) in order for the students to log in and complete their forms.

Students must use their school email (Ram Mail) @usevs.org when forms are completed. This is MANDATORY. Students are not permitted to use a personal email address.

Both parents and students must log on and re-sign their forms yearly.

Sign up for as many sports as you THINK your student may play/tryout for next school year (even if you're not sure yet).

The athletic physical form will be the only paper form that will need to be completed and returned to the USHS or USMS office in the future.

Final Forms MUST be completed online in order to practice on any USHS or USMS athletic team beginning August 1st.

If you require any support during the process of registering, scroll to the page bottom and click "Use Support."
